RATES OF ADVERTISING.

Newspaper proprietors generally, and especially of this sity, under the usages and regulations heretofore preva_ing are called upon to perform more labor without remuneration, than any other class of community. The gratuitous publication of charity and religious advertisement, and comnunications, tributes of respect, obituaries, &c., &c., which can only be inserted at a heavy cost to the proprietor, im-poses upon them a burden so onerous, that they feel called open, in self-defence, to check the abuse, by making such sublications a charge, to some extent at least, upon the parpublications a charge, to some extent at least, upon the parties more mmediately interested. In this they are but following the example of the press in other cities, impelted by a sense of its intrinsic propriety, and imperative duty to themselves. The subscribers have, therefore, united together in a mutual agreement, upon the lo lowing specified terms or the publication of these as well as every sort of regular business advertising.

TESTIMONIALS.

Menrius, March 24th, 1806.

Mr. J. H. Semmons—Sir: The use I have made of the pair of Glasses obtained from you, satisfies me of the utility and value of the form and material by which they are distinguished. Without magnifying the object beyond the size apparent to the atural vision, they render it distinct and clear without fatigue to the eye. So far as my limited experience extends, I am very much eased with them.

Very respectfully your ob't serv't,

J. H. McMAHON. pleased with them.

Mr. J. H. Semmoss—Dear Sir: I have carefully examined your Brazilian Pebble Spectacles, and most cheerfully add my testimony to their superiority over any other lenses I have yet seen.

From Egbert A. Bawerth, Esq., City Recorder. NASHVILLE, July 27, 1855. Mr. J. H. SEMMONS-Sir: After ten days' constant use of the Spectacles obtained from you, I feel guarantied in testifying to their efficiency in restoring or relieving impaired vision. Previous to obtaining them my manuscript duties were performed with much labor to the eye, and often with pain; but since I have used your Brazilian Pebbles I have experienced nothing of the kind, but feel perfectly rejucenated. Whether the relief proceed from the peculiar form of the glasses or the material, or both combined, I cannot say. I prefer them to any glasses I have ever uced, and take pleasure in recommending them to the public.
